## **SSRMP Annual Scientific Meeting 2005**

**17 and 18 November 2005**

**CHUV – Lausanne**

## *Bienvenue à Lausanne*

Nous nous réjouissons de vous accueillir bientôt dans le cadre de notre congrès annuel de radiophysique médicale.

Nous avons essayé de préparer un programme attrayant dans tous les domaines de la radiophysique médicale. Chaque session sera introduite par un conférencier invité qui nous parlera d'un thème d'actualité dans le domaine de la recherche en radiophysique médicale. Par ailleurs, un cours sur le PET-CT aura lieu vendredi matin. Ce programme est complété par un grand nombre d'exposés des membres de notre société. Nous remercions par avance tous les conférenciers.

L'assemblée annuelle de l'APSPM aura lieu le jeudi 17 novembre 2005 à 16h30 et celle de la SSRPM le vendredi 18 novembre 2005 à 13h15. Ce sera l'occasion de faire le point sur la position de la radiophysique médicale en Suisse et de renouveler les membres de nos comités.

Pour le comité d'organisation

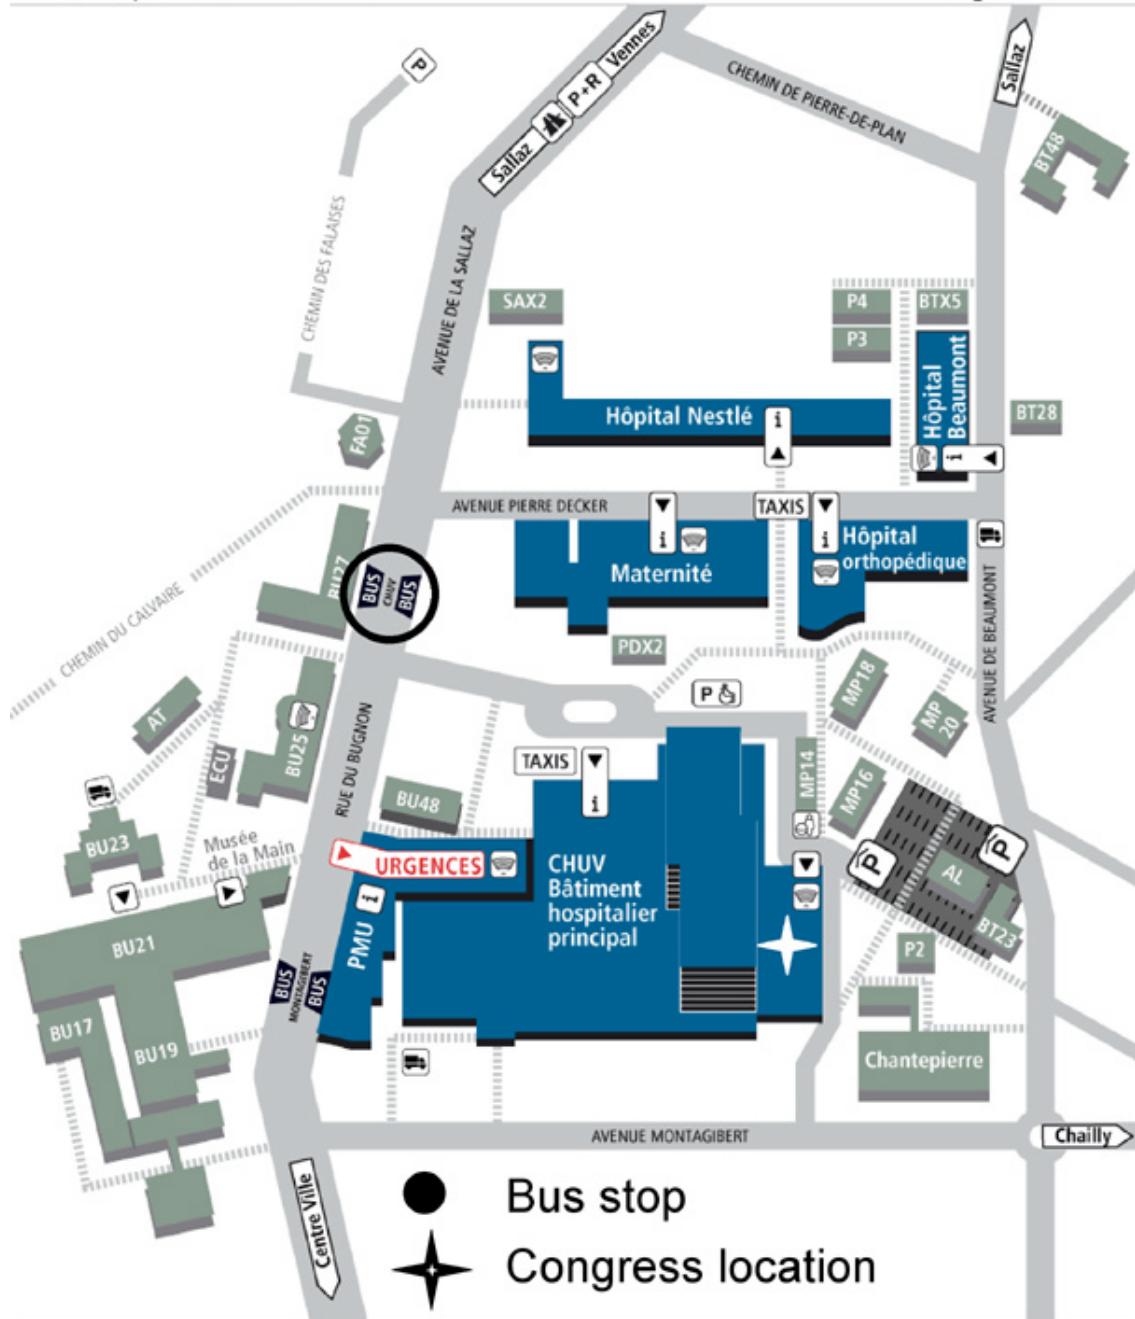

R. Moeckli
